4 February 1960

Dear Dan:

Attached is our contract funding report for the period ending 31 December 1959. You will note that we have revised the format in a manner which we hope will give you a more graphic view of how we stand on each contract. The same unclassified designations are used as have been used in the past.

Under Contracts CDP1-3 and 1-4, you will note slight fluctuations in the monthly rate of expenditures. These are due essentially to the natural time lag in the receipt of Certificates of Service. The technician works a few more or less days than forecasted, and this difference is reflected in the billings for the month in which the Certificate is processed.

We plan to submit the report for the month of January by the middle of February.

Sincerely,

Jack
Jack
